

HOLMES-WAYNE ELECTRIC COOPERATIVE LOCAL PAGES

MESSAGE FROM THE PRESIDENT/CEO

Grateful for the visionaries of our community

Holmes-Wayne Electric Cooperative exists because 87 years ago, a group of neighbors banded together to bring electricity — and along with it, prosperity and a better quality of life — to the areas we serve.

In 1935, just 10.9% of American farms nationwide had access to safe, reliable, affordable electric service; by the early 1950s, that number had jumped to nearly 90%, all thanks to the formation of electric co-ops.

In the mid-1930s, rural Americans finally received the proper equipment, federal loans that provided start-up capital, and engineering guidance that was needed to provide themselves with central station electric service — that is, electricity from a utility, rather than self-generated by consumers.

It was an exciting time in our community as the lights came on across the countryside. We owe many thanks to those local businessmen and farmers whose entrepreneurial spirit brought electricity to our community.

As we approach the season of Thanksgiving, I thought it would be appropriate to express our appreciation not only to the founding members of Holmes-Wayne Electric Cooperative but also to you, the active members of the cooperative.

Many of our new members are often surprised by the guiding principles and philosophy that established Holmes-Wayne Electric Cooperative. These same principles continue to be the model of the organization. We are not just an electric company. We are a local business, owned by its members to provide safe, reliable electricity at the most economical prices.

When you request electricity from Holmes-Wayne Electric, you become a member and an owner. You invest in this organization

and its continuing success. Your investment through your purchase of electricity is returned in capital patronage. As you may have noticed in last month's edition and this month's publication, we are looking for past members of the cooperative who moved away and have capital patronage to receive. Those past members' investment assisted in providing the service and infrastructure to 17,800 meters and over 2,300 miles of line, which, stretched back-to-back, would run from Millersburg, Ohio, to Sacramento, California. Today's members' investment contributes not only for current needs but also for the growth of tomorrow.

This is what makes the cooperative so special. Every decision made at Holmes-Wayne Electric is based on the best interests of you, the members. We are the local company that is owned by the members of the community. We employ your neighbors and friends who live in your community. We are governed by a nine-member board of trustees that you, the members, elect. We are actively involved in the community and return your investment back into the community. This is our home, too!

On behalf of the board of trustees and the entire staff at Holmes-Wayne Electric, thank you for the honor to serve as your rural electric cooperative.

Glenn W. Miller
PRESIDENT/CEO

HOLMES-WAYNE ELECTRIC COOPERATIVE LOCAL PAGES

Want to get involved with your electric cooperative?

Your co-op is seeking trustee nominees and volunteers to serve on the nominating committee

As a member of Holmes-Wayne Electric Cooperative, you are an owner of your electric cooperative. You have an opportunity every June to express your ownership interest by exercising the cooperative principle of “one member, one vote” during the annual trustee election.

The HWEC nine-member board of trustees is the governing body of your cooperative. The board meets monthly to review and renew policies, make business decisions concerning the cooperative, review financial performance, establish rates, and approve all patronage capital credits payments.

At the November board meeting, trustees at Holmes-Wayne Electric Cooperative will appoint a nominating

committee, which will be responsible for selecting candidates for the 2023 Holmes-Wayne Electric Board of Trustees election. The nine-member committee consists of one member who resides in each of the nine districts.

The nominating committee will meet in early 2023 at the cooperative office to select nominees for trustees from District 4, District 5, and District 6. The committee selects qualified candidates based on members’ applications.

If you are interested in participating in the nominating committee or running for trustee, please contact HWEC’s Shay Lynch at 866-674-1055 to receive more information.

HWEC service territory

District 6 – Chester and Plain townships in Wayne County

District 5 – Hardy, Monroe, and Prairie townships in Holmes County

District 4 – Berlin, Clark, Mechanic, and Salt Creek townships in Holmes County

The capital credits cycle

As a member-owner of your electric cooperative, you receive capital credits. In the past 10 years, Holmes-Wayne Electric has distributed more than \$10.7 million in capital credits to members.

What are capital credits? Capital credits distributions are similar to the dividends paid to shareholders of investor-owned utilities. The difference is that a co-op's "shareholders" are the members that it serves.

What's the difference between allocated and retired capital credits?

Allocated capital credits appear as an entry on the permanent financial records and reflect your equity, or ownership, in HWEC. Every year, the cooperative notifies its member-owners of the amount added to their patronage capital account through a printed notice on their May electric bills.

How are capital credits calculated? Each year, net margins of the cooperative are divided among the members based on each member's electric bills for the year. The more a member contributes to the co-op's revenues, the greater the capital credits allocated to their account.

When will I receive a capital credits check? When capital credits are retired, a check is issued to you. Most recently, the HWEC Board of Trustees approved the retirement of capital credits from 2001 and 2002. Members who joined the cooperative since 2001-02 have not yet received a general capital credits retirement. The unretired capital credits, or "equity" of the cooperative, serves a vital function — allowing the cooperative to operate economically and effectively, while investing in the

infrastructure necessary to meet the needs of our members. A 20-year capital patronage cycle is the common industry standard.

Will I receive a capital credits check every year? The board of trustees must authorize a retirement before you receive a check. The board must consider the financial condition of the cooperative, the need for cash, and the availability of loan funds.

What happens to my capital credits when I leave

HWEC's service area? Capital credits remain on the books in your name and member number until they are retired. HWEC makes payments to current and former members, so please ensure that we have your current mailing address.

What are unclaimed capital credits? Sometimes we are not able to reach members after they have moved, leaving their capital credits "unclaimed." The following pages are a list of members who have not claimed their capital credits. If you recognize any of the names listed, please have the person contact our office toll-free at 866-674-1055. HWEC also needs to be notified by a relative or other legal representative when a member passes away so that the account can be closed or transferred to another person's name.

HOLMES-WAYNE ELECTRIC COOPERATIVE LOCAL PAGES

Unclaimed capital credits

In 2018, Holmes-Wayne Electric Cooperative Inc. mailed a general retirement of capital credits. Many checks were returned to us as undeliverable and, to date, these refunds remain unclaimed. Per the cooperative's Code of Regulations, the unclaimed capital credits are reallocated to current cooperative members four years following the original mailing and following two consecutive notices in this publication. This is the second notice. Anyone with information on these members or their heirs whose name and last known residence is listed is asked to contact the cooperative office toll-free at 866-674-1055. Contact must be made by Jan. 1, 2023, 60 days following the second publication of this notice.

HOLMES-WAYNE ELECTRIC COOPERATIVE LOCAL PAGES

POWER STUDENTS PROGRAM

Education helps shape the leaders of tomorrow. That's why Holmes-Wayne Electric Cooperative wants to recognize students in grades 6–8 for their hard work and dedication to education.

Here's how it works!

Students in grades 6–8, whose parents or guardians are members of Holmes-Wayne Electric Co-op, are eligible to apply.

Students must have a minimum of three A's on their most recent report card (less than six months old).

A copy of the report card must be submitted by mail to: Holmes-Wayne Electric Co-op, Attn: Robyn Tate, P.O. Box 112, Millersburg, OH 44654.

Entry grade card must include student's name, parent/guardian name(s), school, grade, address (not published), and contact phone number (not published).

Entries will be placed into a drawing for each grading period. The next drawing date will be Dec. 10, to allow approximately one month after the end of the grading period for entry submission.

Three winners will be drawn every grading period (Feb. 10, May 10, and Dec. 10).

An entry is good for two drawings, and a student cannot win more than once a year.

Winners will receive a \$25 gift card. Their photo will be published in *Ohio Cooperative Living* and on the HWEC website and Facebook page.

The photo can be taken by HWEC staff or submitted along with a photo release form signed by a parent/guardian.

Please contact us at 866-674-1055 with any questions.
