

Holmes-Wayne Electric Cooperative, Inc.

Spare change changes lives

President's Report
Glenn Miller

I've always told my kids, it's the little things that count in life. Being kind to your neighbors, returning a lost wallet, picking up after yourself while enjoying the great outdoors. While each action might not amount to much on its own, if everyone does a little, we see a big impact in our community.

That's why I'm proud to be a board member of Holmes-Wayne Electric's Operation Round Up® program. As members of Holmes-Wayne Electric Cooperative, you are making a big impact in our own neighborhoods.

Operation Round Up is a simple concept making a big impact in many lives. The program is a basic non-profit foundation. Members — people like you who receive electricity from the co-op — have agreed to have their bills automatically rounded up to the next whole dollar. Let's say your bill is \$82.75, it would be rounded up to \$83 with a quarter going to Operation Round Up. The extra pennies, nickels, dimes, and quarters then flow into a fund managed by a five-member board. The board reviews applications to assist worthy local organizations, as well as fellow individuals and families within our community who have fallen on hard times within our community.

Sure, donating approximately 50 cents every month may seem like a little thing. But if you put all of that money together, well, things start to get exciting. Roughly 7,200 members of Holmes-Wayne Electric Cooperative are chipping in to support Operation Round Up, and that number grows every month. Good thing, too, because the need has never been greater.

Last year we distributed \$38,794.38 to individuals, families, and organization within our community. Since we launched Operation Round Up in 2006, we've given community groups and individuals/families in need more than \$184,000! That's something we should all be proud of — your assistance is changing lives in our community.

About 250 local electric co-ops nationwide currently run Operation Round Up programs. All told, consumers at these co-ops have raised more than \$100 million since the idea was started by South Carolina's Palmetto Electric Cooperative in 1989.

If you're one of the members who makes Operation Round Up possible, thank you.

If you haven't heard about the program before and would like to participate, visit our website at www.hwecoop.com or call us toll-free at 866-674-1055. Together, we can use a little pocket change to change our community.

Official Notice

Certification of Active Duty Deployment Holmes-Wayne Electric Cooperative, Inc.

The cooperative will not disconnect electric service to the residential premises of any residential member who is deployed on active duty for nonpayment for electricity provided to the residential premises.

Upon return of the residential member from active duty, the cooperative will offer the residential member a period of deployment on active duty to pay any arrearage incurred during the period of deployment. If the time period the cooperative offers the residential member for repayment presents a hardship, the member may request a longer period to repay the arrearage. No late payment fees or interest will be charged to the residential member during the period of deployment or the repayment period.

“Active duty” means active duty pursuant to an executive order of the president of the United States, an act of the congress of the United States, or section 5919.29 or 5923.21 of the Ohio Revised Code.

The residential member must resume the timely payment of all charges for electric service provided by the cooperative after the return from active duty deployment.

In order to avoid disconnection of electric service for nonpayment for electric service during a period of active duty deployment, a completed Certification of Active Duty Deployment forms must be submitted to the cooperative. Certification of Active Duty Deployment forms are available from the cooperative upon request.

Holmes-Wayne Electric Announcements

Thanksgiving holiday

A friendly reminder, HWEC offices will be closed Thanksgiving and the Friday after. As always, our after-hours call center is available for outage reporting, payment and meter reading processing. You can call toll-free at 866-674-1055. Happy Thanksgiving!

Stealing electric and meter tampering are crimes

Since August 1978, a revised Ohio law has been in effect covering theft of utility service and tampering with utility equipment. The statute provides that a person does not have to be seen tampering with a meter to be held responsible for such action. Prior to the revision in the law, it was difficult to prosecute a person for meter tampering unless the action was witnessed.

In addition, in prosecution for a user's reconnecting a device that was disconnected by a utility, such activity is now considered prima facie evidence that the user intended to defraud the utility.

The law defines theft of a utility service as a first-degree misdemeanor if the value of the stolen electricity, plus any utility equipment repair, is under \$150. It's a fourth-degree felony if the value is more than \$150 or if the offender was previously convicted of the charge. Tampering convictions carry similar penalties.

Tampering is defined “to interfere with, damage or bypass a utility meter, conduit or attachment with intent to impede the correct registration of a meter or the proper function of a conduit or attachments.” Conviction can bring from six months in jail and a \$1,000 fine to five years in jail and a \$2,500 fine.

Meter tampering costs all of us. It costs the cooperative, and it costs you. And, it's downright dangerous. If you witness someone tampering with their electric meter, contact your cooperative office. Stealing electricity is a crime, and anyone caught violating the law will be prosecuted. Holmes-Wayne Electric Cooperative, Inc., is required by law to provide this notice to its members annually.

Trustee election — Nomination process begins

The board of trustees at Holmes-Wayne Electric Cooperative will be appointing a nominating committee to select nominees for trustees from their respective districts at its November meeting. The committee consists of six or more members, with at least one member who resides in each district for which a trustee is to be elected.

The nominating committee will meet in January at the cooperative office to select nominees for trustees from their respective districts. The districts which members will be voting for new trustees in June of 2011

are District 4, District 5 and District 6. The committee selects from the cooperative membership and lists 10 qualified

nominees for each trustee position. A minimum of two names shall be on a ballot to be voted upon for each district.

After selection, nominees are contacted by the HWEC board chairman in their order listed for verification and willingness to become candidates for trustee.

If you are interested in running for trustee or participating on the nominating committee, please contact

Robyn Tate at the cooperative

office at 866-674-1055.

Proper insulation a simple way to save

One of simplest ways to reduce your home's heating and cooling costs — and improve comfort — involves installing proper insulation. Doing so provides resistance to heat flow. The more heat flow resistance your insulation provides, the lower your heating and cooling costs.

Heat flows naturally from a warmer to a cooler space. In winter, heat moves directly from heated living spaces to adjacent unheated attics, garages, basements and even outdoors. It can also travel indirectly through interior ceilings, walls and floors — wherever there is a difference in temperature.

During the summer cooling season, the reverse takes place. Heat flows from the outdoors to the interior of a house.

To maintain comfort, heat lost in the winter must be replaced by your heating system. In summer, heat gained must be removed by

your cooling system. Proper insulation, though, decreases heat flow.

Heat flow resistance is measured or rated in terms of its R-value. The higher the R-value, the

greater the insulation's effectiveness.

When calculating the R-value of a multilayered installation, add R-values of individual layers. Installing more insulation in your home increases the R-value.

Insulation effectiveness also depends on how and where it's installed. For example, insulation that gets compressed will not provide its full rated R-value. The overall R-value of a wall or ceiling will be somewhat different from the R-value of the insulation because some heat flows around the insulation through studs and joists. Therefore, it's important to properly install your insulation to achieve the maximum R-value.

For more information, visit www.eere.energy.gov or contact our Energy Advisor, Kenny DePriest.

Electric gift certificates

With the holidays quickly approaching, we start to put our gift list together. Sometimes finding the perfect gift is almost impossible. Sizes, tastes, even needs differ with every person. But almost everyone has an electric bill. So, what better gift to give someone you care about, than a gift of electricity.

A gift certificate for electricity to Holmes-Wayne Electric Cooperative member might just be an ideal present for you parents, grandparents, children or someone in need. It makes a great birthday or holiday gift or to assist someone going

through a tough time.

If you're looking for a useful present for someone you know who is a member of Holmes-Wayne Electric Cooperative, here is all you need to do.

Clip the form below, fill it out and mail with your check to Holmes-Wayne Electric. You can also call the office with the below information and pay over the phone via check, credit or debit card. Holmes-Wayne Electric will send the gift certificate card to the gift recipient.

Holmes-Wayne Electric Gift Card Form

You may submit this form with a check to the cooperative's office or contact the office toll-free at 866-674-1055 and pay by phone via check, debit or credit card.

Payee's name: _____

Payee's address: _____

City/ZIP: _____

Payee's phone number: _____

Gift amount: \$ _____

Signature: _____

Gift recipient's name: _____

Gift recipient's address: _____

City/State/ZIP: _____

Holmes-Wayne will credit the gift recipient's electric account with the amount listed above. The gift recipient will receive a gift card receipt explaining the credit that has been placed on the account and the payee's name.

**Please submit form with check to or via phone payment:
Holmes-Wayne Electric Cooperative, Inc.
PO Box 112; Millersburg, OH 44654
www.hwecoop.com * (toll-free) 866-674-1055**

Unclaimed capital credits

In June 2006, Holmes-Wayne Electric Cooperative, Inc., mailed a general retirement of capital credits. Many checks were returned as undeliverable and, to date, these refunds remain unclaimed. Per the cooperative's Code of Regulations, the unclaimed capital credits are reallocated to current cooperative members four years following their original check mailing and following two consecutive notices in this publication. **This is the second notice.** Anyone with information on these members, or their heirs, whose name and last known residence is listed, is asked to contact the cooperative office toll-free at 866-674-1055. Contact must be made within 60 days following the last date of the publication of this notice of Nov. 1, 2010.
