

Holmes-Wayne Electric Cooperative, Inc.

Wholesale electric power costs on the rise

Holmes-Wayne Electric again was notified this year by our generation cooperative, Buckeye Power, that the price to produce electricity is rising. In 2010, Buckeye Power is increasing its rate for the 10th consecutive year. Buckeye Power's costs are on the rise due to world market impact on fossil fuels, the research and development of green energy, the investment in equipment to meet environmental emission requirements and the purchase of additional generation facilities to meet consumer demand.

As a result, Holmes-Wayne members will experience a rate adjustment that will take effect beginning with the November 2010 billing. The average Holmes-Wayne residential member consumes 1,350 kWh per month. At this consumption level, your monthly bill will adjust by \$10.91, approximately 7.8 percent.

The rate adjustment starting in November only covers the additional cost Holmes-Wayne will pay to purchase your electricity through Buckeye Power. The electricity purchased is based on the amount of consumption by you, the members. Please take a few moments to review the listing on the following page of our new rates compared with the current rates.

Please note that the monthly consumer charge has also increased by \$1.15 per month, from \$15.50 to \$16.65, as recommended by our independent rate consultant, GDS Associates, Inc. This consumer charge is the cost to provide service to our members based on a distribution system of 17 substations and more than 2,200 miles of lines. As an organization, we constantly strive to keep your service cost to a minimum by creating as many efficiencies as possible without compromising the reliability of your service. We understand that these are difficult economic times. As a nonprofit organization, your cooperative does not make a profit selling electricity. Rates and the consumer charge are set based on the estimated cost to provide reliable electrical service. Any margin after expenses is returned to the members in the form of capital patronage.

We continue to encourage you to utilize this publication, our website and our Energy Advisor to reduce your electric consumption and manage your bill.

Our website has a variety of tools available to calculate your cost savings by simple lifestyle changes and lowmaintenance, inexpensive tips. You can take a virtual home energy audit, or our own Energy Advisor offers in-home energy audits including the use of an infrared camera and blower door test, which provide a detailed customized report for your residence.

We have also scheduled our second annual Energy Savings days. Members can

Holmes-Wayne Electric Cooperative, Inc.

Rates and Charges

As of the November 2010 billing, the following rate schedule, including minimum service charges, will take effect:

Rate Class: Farm/Residential

	<u>Current Energy Rate</u>	<u>New Energy Rate</u>
First 2,000 kWh.....	9.149 cents	9.872 cents
Next 13,000 kWh.....	9.103 cents	9.826 cents
Over 15,000 kWh.....	9.047 cents	9.770 cents
Consumer Charge*	\$15.50	\$16.65

*The Consumer charge is incurred regardless of kWh use. This charge is the cost to provide service to your location.

If a transformer of more than 15 KVA must be installed, the monthly minimum bill will be \$16.65 plus \$1 additional for each additional KVA over 15 KVA.

Rate Class: General Service Without Demand

	<u>Current Energy Rate</u>	<u>New Energy Rate</u>
First 2,000 kWh.....	9.535 cents	10.758 cents
Next 13,000 kWh.....	9.489 cents	10.712 cents
Over 15,000 kWh.....	9.433 cents	10.656 cents
Consumer Charge*	\$18	\$20.30

*The Consumer Charge is a monthly minimum incurred for each meter and not based on kWh consumption. This charge is the cost to provide service to your location.

The monthly minimum for General Service Without Demand accounts will be the greater of:

- A. \$20.30; or
- B. \$1.30 per KVA of required transformer capacity; or
- C. A contracted monthly minimum.

Security Light Rates

	<u>Current Rate</u>	<u>New Rate</u>
Light on existing pole or member's pole.....	\$7.50	no change
Pole (if necessary, for light only)	\$1.00	no change
Transformer (if necessary, for light only)	\$1.00	no change

Any member who wishes to view the complete rate schedule may do so by contacting the Holmes-Wayne Electric Cooperative, Inc., office toll-free at 866-674-1055 or view our website at www.hwecoop.com.

visit either our Millersburg office on Wednesday, Oct. 13, or West Salem Elementary School on Wednesday, Oct. 27, from 11 a.m. to 7 p.m. to learn more energy-saving solutions and receive a pack of energy-efficient compact fluorescent light bulbs.

Members may want to consider our budget program. This allows you to receive monthly bills based on your average consumption over a 12-month period. This prevents surprise high bills.

We also continue to communicate with both our state and federal government about the impact of current and future energy policies on you, the members of Holmes-Wayne Electric. As we have communicated over the last several months, we encourage you to express your concerns to your legislative representatives through the Our Energy, Our Future program or by becoming a member of the Co-op Owners for Political Action® (COPA) at our website, www.hwecoop.com.

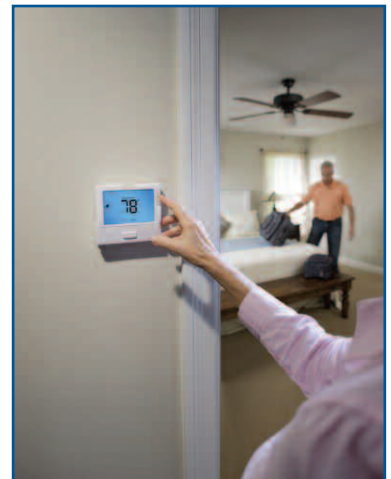

We strongly encourage you to take advantage of the many avenues we are providing to reduce your consumption and manage your electric bill. The board and management team will continue to monitor costs, review any increases from Buckeye Power, our generation supplier, and evaluate rate consultant estimates.

If you have any questions about the rate adjustment or any of the services we have listed above, please feel free to contact the cooperative office.

TAKE THE POWER CHALLENGE

Can you reduce your home electric consumption by 15%?

1. Change your inefficient incandescent light bulbs to efficient compact fluorescent light bulbs (CFLs) and turn off all lights when not in use.
2. Prevent air leaks by keeping windows locked when not open, keeping fireplace dampers closed when not in use and sealing any attic accesses.
3. Unplug all appliances when not in use (examples: toaster, coffee maker, computer/laptop, printer, hair dryer, curling iron, Xbox or gaming items, surge protector that includes your TV, satellite, DVD and other entertainment items) as well as all chargers not in use (examples: phone and camera chargers).
4. Keep refrigerator coils clean to run efficiently.
5. Change your furnace and central air filter once a month. Clogged filters make your heating and cooling system inefficient.
6. Adjust your thermostat to 78 degrees in the summer, especially during times you are not home or sleeping. Adjust your thermostat to 68 degrees in the winter, especially during times you are not home or sleeping.
7. Keep heating/cooling register and return vents clear of obstructions. Also keep your HVAC outdoor equipment clear of obstructions and debris.
8. Use curtains and blinds during the summer to block heat of the sun entering through your windows. During winter months open them to allow heat of sun through windows and close at night.
9. Caulk and weather-seal all doors and windows.
10. Set hot water tank at 120 degrees.

Operation Round Up Foundation making a difference

This year at the Wayne County Red Cross Annual meeting, the members of Holmes-Wayne Electric Cooperative received the **Good Neighbor Award**. This special award was to recognize HWEC members for their financial support provided to families following emergencies. Since the inception of Operation Round Up in January 2006, the foundation has **assisted 24 families** in both Wayne and Holmes counties, providing **\$23,900** in assistance for desperately needed furniture, clothing and food. **A sincere thanks and appreciation** to those members of Holmes-Wayne Electric who choose to participate in Operation Round Up and have their their bill rounded up every month to donate to the foundation. **Your pennies are making a dramatic difference** for those who have lost everything.

Holmes-Wayne Electric announcements

Farm electric service upgrades

A friendly reminder: If you are considering improvement or upgrades to your farm, such as a new grain dryer or auger motor, please notify the cooperative. The cooperative will ensure the lines and transformers are adequate to serve the needs of the new equipment and located a safe distance from moving equipment. Please call us toll-free at 866-674-1055 to have our operations department meet you on-site to review your new electric service needs.

Go paperless!

If you are one of the many that are taking advantage of the HWEC online bill payment option, you now can receive your monthly electric bill via e-mail only and eliminate all paper copies. Just select the "Stop/Start Print Bill" button located on the left column of the HWEC e-bill website.

Tip of the month

Use the moisture sensor feature on your clothes dryer if it has one. This option shuts down the dryer when clothes are dry. In addition, clean the lint filter after each load. This improves air circulation and increases the dryer's efficiency.

Statement of Nondiscrimination

Holmes-Wayne Electric Cooperative, Inc., 6060 St. Rte. 83, Millersburg, OH 44654 is the recipient of federal financial assistance from the Rural Utilities Service, an agency of the U.S. Department of Agriculture, and is subject to the provisions of Title VI of the Civil Rights Act of 1964, as amended; Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; and the rules and regulations of the U.S. Department of Agriculture which provide that no person in the United States on the basis of race, color, national origin, age, or handicap shall be excluded from participation in, admission or access to, denied the benefits of, or otherwise be subjected to discrimination under any of this organization's programs or activities.

The person responsible for coordinating this organization's nondiscrimination compliance effort is the President/CEO of Holmes-Wayne Electric. Any individual, or specific class of individuals who feels that this organization has subjected them to discrimination may obtain further information about the statutes and regulations listed above from and/or file a written complaint with this organization or the Secretary, U.S. Department of Agriculture, Washington, D.C. 20250; or the Administrator, Rural Utilities Service, Washington, D.C. 20250. Complaints must be filed within 180 days after the alleged discrimination. Confidentiality will be maintained to the extent possible.

Unclaimed capital credits

In June 2006, Holmes-Wayne Electric Cooperative, Inc., mailed a general retirement of capital credits. Many checks were returned to us as undeliverable and, to date, these refunds remain unclaimed. Per the cooperative's Code of Regulations, the unclaimed capital credits are reallocated to current cooperative members four years following their original check mailing and following two consecutive notices in this publication. **This is the first notice.** Anyone with information on these members or their heirs, whose name and last known residence is listed, is asked to contact the cooperative office toll-free at 866-674-1055. Contact must be made within 60 days following the last date of the publication of this notice of Nov. 1, 2010.
