

Holmes-Wayne Electric Cooperative, Inc.

We need your help to protect affordable electricity

*Glenn W. Miller
President/CEO*

A few weeks ago, the U.S. Environmental Protection Agency announced a proposal with the potential to effectively stop any future coal-fired power plants from being built in this country.

As you know, coal has been a mainstay for Holmes-Wayne Electric members and Ohio's other electric cooperatives. Coal is why you can turn on your lights every night and count on your appliances to be ready and avail-

able because coal is what provides your power. Coal has also helped keep the price of electricity affordable and stable.

Unfortunately, this abundant natural resource has come under attack by the current administration in Washington, D.C., as President Obama has directed the EPA to try to limit emissions of carbon dioxide.

The EPA proposed limits on CO₂ for any new coal-fired plant are so extreme that they can only be met by using a system referred to as carbon capture and storage (CCS). Carbon capture and storage would require power plants to "capture" carbon dioxide before it's emitted and store it deep within the earth. The primary issue with this process is that the technology has only been tested on a limited scale. The government estimates CCS on a new power plant to be cost prohibitive, meaning it is extremely unlikely a new coal-fired power plant would be built again.

This new EPA proposal contradicts the message that has been expressed to Americans over the past five years. President Obama has said he supports an "all-of-the-above" approach to powering America,

but this proposal indicates "all-but-one" — all but coal.

Ohio rural electric cooperatives and cooperatives across the nation serving 42 million Americans believe in providing clean energy, but it must be feasible and affordable for Americans. Based on this proposal, the U.S. Energy Information Administration says that electric bills for Ohioans will increase by 60 percent.

The U.S. sits on more than 200 years' worth of coal. It is completely irresponsible to write coal off when it can be burned cleanly with minimal emissions of pollutants. Holmes-Wayne Electric's generation and transmission cooperative, Buckeye Power, has already invested more than a billion dollars in pollutant controls on the Cardinal Station, a coal-fired power plant. Buckeye Power chose to do this not only because it was the right thing to do, but also because the technology was available for large scale power plants. Unfortunately, that is not the case with CCS technology.

You should be proud that your cooperative, Holmes-Wayne Electric, is a stakeholder in Cardinal Station. This generating facility is among the cleanest-burning units in the country, even when compared to the newest power plants.

It is time for Americans to speak out! We want your help to keep the EPA's new rules from becoming a reality. Cooperative members can find out more about the issue by going to www.action.coop and can click on the "Take Action" button to send their comments urging the EPA to work with electric cooperatives to revise the proposed rules.

By letting our voices be heard, we can do our part to help keep electricity affordable for all Americans.

Board of Trustees

A Touchstone Energy® Cooperative 
The power of human connections®

Happy Thanksgiving

HWEC offices will be closed Thanksgiving and the Friday after. As always, our after-hours call center is available for outage reporting, payment and meter reading processing. You can call toll-free at 866-674-1055.

Energy Efficiency
Tip of the Month

If you're expecting guests for holiday festivities, consider giving your heating unit a break. With the oven cranked up and the house packed with people, the temperature will rise on its own. Also make sure it has a clean filter so it can work as efficiently as possible all winter long. Find more ways to save at TogetherWeSave.com.

Source: TogetherWeSave.com

Before you buy a space heater...

... it could be beneficial to take some easy and inexpensive energy-savings measures in your home. Any of these could solve your heating problems without additional heating equipment.

- * Add caulk and weather stripping around doors and windows
- * Add insulation to attics and exposed walls
- * Clean or replace furnace filters
- * Move furniture or other obstacles away from heat registers
- * Insulate duct work
- * Close blinds or curtains at night

Official Notice

Certification of Active Duty Deployment Holmes-Wayne Electric Cooperative, Inc.

The Cooperative will not disconnect electric service to the residential premises of any residential member who is deployed on active duty for nonpayment for electricity provided to the residential premises.

Upon return of the residential member from active duty, the Cooperative will offer the residential member a period of time equal to duration of deployment on active duty to pay any arrearage incurred during the period of deployment. If the time period the Cooperative offers the residential member for

repayment presents a hardship, the member may request a longer period to repay the

arrearage. No late payment fees or interest will be charged to the residential member during the period of deployment or the repayment period.

"Active duty" means active duty pursuant to an executive order of the President of the United States, an act of the Congress of the United States, or section 5919.29 or 5923.21 of the Ohio Revised Code.

The residential member must resume the timely payment of all charges for electric service provided by the Cooperative after the return from active duty deployment.

In order to avoid disconnection of electric service for nonpayment for electric service during a period of active duty deployment, a completed Certification of Active Duty Deployment form must be submitted to the Cooperative.

Certification of Active Duty Deployment forms are available from the Cooperative upon request.

HWEC Gift Cards

The holidays are quickly approaching, and if you're having trouble finding the perfect gift for family and friends, consider the gift of electricity.

A gift certificate for the purchase of electricity to a Holmes-Wayne Electric Cooperative member might just be an ideal present for your parents, grandparents, children, or someone in need. It's not just for holidays or birthdays, though—you can also help someone going through a tough time.

If you're looking for a useful present for someone you know who is a member of Holmes-Wayne Electric Cooperative, clip the form below, fill it out and mail with your check to Holmes-Wayne Electric. You can also call the office and pay over the phone via check, credit or debit card. Holmes-Wayne Electric will send the gift certificate card to the recipient.

Holmes-Wayne Electric Gift Card Form

You may submit this form with a check to the cooperative office or contact the office toll-free at 866-674-1055 and pay by phone via check, debit or credit card.

Payee Name:

Payee Address:

City/Zip:

Payee Phone Number:

Gift Amount: \$

Signature:

Gift Recipient Name:

Gift Recipient Address:

City/State/Zip:

Holmes-Wayne will credit the gift recipient's electric account with the amount listed above. The gift recipient will receive a gift card receipt explaining the credit that has been placed on the account and the payee name.

Please submit form with check to or via phone payment:

Holmes-Wayne Electric Cooperative, Inc.
PO Box 112; Millersburg, Ohio 44654
866-674-1055 (toll-free)

Be a part of your cooperative's democratic process

As a member of Holmes-Wayne Electric Cooperative, you are also an owner. You have an opportunity every June to express your ownership interest by exercising the cooperative principal of "one member, one vote" during the annual trustee election.

The HWEC nine-member board of trustees is the governing body of your cooperative. The board meets monthly to review and renew policies, make business decisions concerning the cooperative, review financial statements, establish rates and approve all patronage capital credit payments.

At the November board meeting, trustees at Holmes-Wayne Electric Cooperative will be appointing a nominating committee. The nominating committee is responsible for selecting nominees for the 2014 Holmes-Wayne Electric Board of Trustees election. The committee consists of six or more members, with at least one

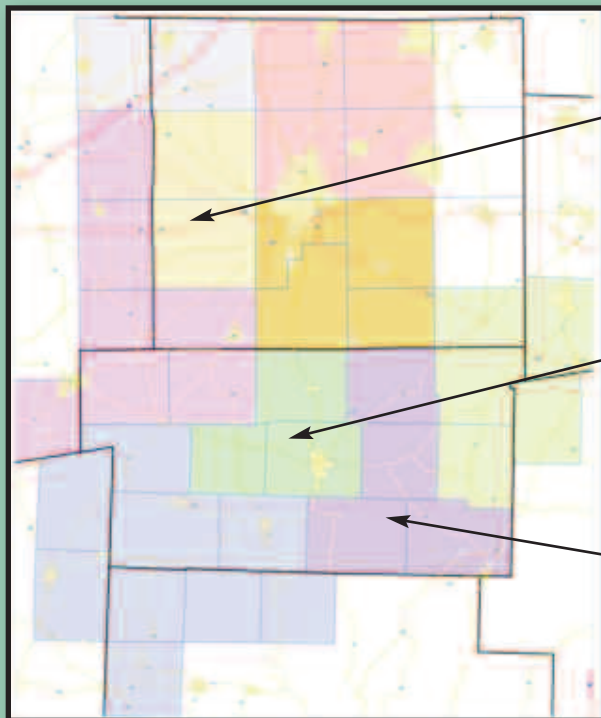

member who resides in each district for which a trustee is to be elected.

The nominating committee will meet in January 2014 at the cooperative office to select nominees for trustees from District 4, District 5, and District 6. The committee selects from the cooperative membership and lists 10 qualified nominees for each trustee position.

After selection, nominees are contacted by the HWEC board chairman in their order listed for verification and willingness to become candidates for trustee. A minimum of two names shall be on a ballot to be voted upon by all member-owners of the cooperative in June 2014 for District 4, District 5, and District 6.

If you are interested in running for trustee or participating in the nominating committee, please contact Robyn Tate at the cooperative office at 866-674-1055.

Holmes-Wayne Electric Cooperative service territory

District 6 - Chester and Plain Townships in Wayne County

District 5 - Hardy, Monroe and Prairie Townships in Holmes County

District 4 - Berlin, Clark, Mechanic and Salt Creek Townships in Holmes County

Unclaimed capital credits

In June 2009, Holmes-Wayne Electric Cooperative, Inc., mailed a general retirement of capital credits. Many checks were returned to us as undeliverable and, to date, these refunds remain unclaimed. Per the cooperative's Code of Regulations, the unclaimed capital credits are reallocated to current cooperative members four years following the original mailing and following two consecutive notices in this publication. This is the second notice. Anyone with information on these members or their heirs, whose name and last known residence is listed, is asked to contact the cooperative office toll-free at 866-674-1055. Contact must be made within 60 days following the last date of the publication of this notice of Nov. 1, 2013.

Keeping you informed

HWEC works hard to provide reliable service to all of our members. There are times when the cooperative must create a temporary planned outage. In order to contact members on such occasions, it is important for all cooperative members to maintain an active phone number.

A correct phone number in the HWEC system also allows for quick reference for after-hours outage reporting. If you currently do not have an active or correct phone number on file with the cooperative, please contact the office toll-free at 866-674-1055 to update your account.
