## Cooperatives drive democracy

Let your voice be heard and take part in elections

IT HAS OFTEN BEEN SAID that those who cannot remember the past are condemned to repeat it. It's easy to take our right to vote for granted — maybe because there are so many opportunities to exercise that right. There are national, state, and local elections for political offices. Then there are elections for social or other civic organizations. So it's understandable to see how "election fatigue" can take hold.

As we head into the final stage of what has been a divisive national election, it's a good time to remember that elections don't have to be about name calling and bitterness. Co-ops can and do play a role in cultivating a civil society where people can practice democracy at the hyper-local level. As a member of Holmes-Wayne Electric Cooperative, you have the right to run for the board of trustees. You also have the right to participate in the nominating committee who selects board candidates (see page 20B). Even if you choose not to have that level of participation, you should feel empowered to reach out to current board members and staff.

The beauty of belonging to a co-op is that every member has a voice, but you must use that voice if you want to be heard on the issues that matter to you. Voting and being actively involved in your co-op are key ways members can participate. Seek out ways that you can help spread the word about the good work your co-op is doing.

One example is our ACRE Co-op Owners for Political Action® program. By joining Co-op Owners, you can

support cooperative-strong initiatives at both the federal and state level (see pages 20-20A). Current ACRE participants joined us for a breakfast in August to voice their concerns to U.S. Congressmen Bob Gibbs and Jim Renacci.

We also have had members travel to our Cardinal Generation Plant in Brilliant, Ohio, at the end of September to learn how their power is generated. (HWEC employees John Porter, Zach Condren, and Nick Eltzroth are pictured at Cardinal on the cover.) Amazingly, Cardinal is now one of the cleanest coal plants in the world. Please contact us if you're interested in participating in future tours.

The cooperative business model is unique, fostering engagement and creating strong communities. Over 100 years ago, President Theodore Roosevelt recognized this value when he said, "The cooperative is the best plan of organization. Under this plan, cooperatives are governed by a board of its own members, and every person has one vote and only one vote. Everyone gets profits based on their use of the co-op. It develops individual responsibility and has a moral, as well as a financial value."

Those words are truer today than ever before. Let your voice be heard, and take the time to participate in all the elections. ☺

**Glenn W. Miller**  
President/CEO

A Touchstone Energy® Cooperative  
The tower of human connections®

# Making a difference, *one contribution at a time*

ACRE Co-op Owners for Political Action works toward maintaining affordable, reliable electricity for you and your family

BY SAMANTHA RHODES

ELECTRICITY AND ENERGY-RELATED ISSUES are at the forefront of many of today's political debates. Right now, some of those affect you, as a member of Holmes-Wayne Electric Cooperative, and the affordability and reliability of your electricity.

Federal and state officials who make policy decisions don't see your face or know your story, but if you're a contributing member of ACRE Co-op Owners for Political Action®, they'll hear your voice and be more likely to make decisions on your behalf.

"There is so much discussion going on about energy that we can't sit on the sidelines and just watch

that debate happening — we have to be involved in it," says Marc Armstrong, director of government affairs at Ohio's Electric Cooperatives, Holmes-Wayne Electric's statewide service organization that advocates on our behalf in Columbus and in Washington, D.C. "We're doing everything we can to keep power affordable and reliable, and we're right there in the middle of this discussion in Washington."

## What is Co-op Owners?

For almost 50 years, the Action Committee for Rural Electrification (ACRE®) has been working to support members of and candidates for the U.S. Senate and House of Representatives who understand and support electric cooperatives and consumer-members like you. Co-op Owners is the special electric co-op members-only arm of ACRE that gives you the ability to speak up and help elect state and federal government officials who will:

### ACRE membership levels:

Regular member — \$2.08 per month (\$25 per year)  
Century club member — \$8.33 per month (\$100 per year)  
President's club — \$41.66 per month (\$500 per year)

*Contributions to ACRE are not tax deductible for federal income tax purposes. You may contribute to ACRE only if you meet certain eligibility requirements. All contributions are voluntary and will be used for political purposes. Contribution guidelines are suggestions only. You may contribute more or less than the recommended amount. You may refuse to contribute without reprisal.*

- Keep your energy bills affordable because it improves your quality of life.
- Help your cooperative keep your energy service reliable.
- Assist your efforts to use energy more efficiently.
- Make renewable energy more affordable for you.

- Help rebuild your cooperative after a storm.
- Protect our economy and jobs when making energy laws.

ACRE is the federal political action committee of the National Rural Electric Cooperative Association (NRECA). Founded in 1966 by the approximately 1,000 rural electric co-ops that were members of NRECA, it supports political candidates — those in Congress now and those who are running for Congress — who will speak for and protect the interests of rural electric consumers and their cooperative electric systems.

#### **Can I really make a difference?**

Of course! Of the 47 states with electric cooperatives, Ohio has more than three times the number of Co-op Owners members than any other state — that means your state has more active members making a difference than any other.

"There is strength in numbers, and it takes everyone getting involved, paying attention, and ultimately stepping up to make a contribution," Armstrong says. "There is so much at stake that it really is important. Every little bit helps, and collectively, if everyone does his or her part, we'll have a much stronger voice in Washington and in Columbus."

On the flip side, choosing to ignore politics could have negative consequences for electric cooperatives in the long run.

"If our members stopped caring about policymakers, policymakers would stop caring about members," says Spencer Waugh, manager of government affairs at Ohio's Electric Cooperatives. "If we disengage, they'll disengage with us, and that could be very detrimental to members."

#### **Why does my co-op care?**

At the end of the day, Holmes-Wayne Electric Cooperative answers to its members — you. That's why ACRE's interests will always align with yours.

"To your cooperative, you're not just an account number," Armstrong says. "Everything we do affects your bottom line and your electric bill. Having policymakers that act favorably for the co-ops helps you, so it really is in your best interest to be aware of what's going on and to contribute to ACRE as an investment." ☈

**To learn more or to join ACRE Co-op Owners for Political Action, contact Holmes-Wayne Electric Cooperative by calling 330-674-1055 or visiting our website, [www.hwcoop.com](http://www.hwcoop.com).**

## **Frequently asked questions about ACRE Co-op Owners**

#### **What is a PAC?**

A PAC is a group of people with common interests who pool their money to financially support candidates running for elected office. Over 30,000 like-minded supporters of electric cooperatives combine their contributions through ACRE nationwide.

#### **Where or to whom do my contributions go?**

With the exception of a small federal tax payment of less than 1 percent, all contributions go directly to the campaigns of candidates for political office who support electric cooperatives.

ACRE has established procedures for how and to whom the money is distributed, based on factors like the candidate's positions on issues critical to electric co-ops as well as their votes and public statements on these issues, plus the candidate's financial need and the strength of his or her opponent.

ACRE is bipartisan, meaning it supports candidates solely based on their record; their political party affiliation is not considered.

#### **How much can I contribute?**

Individual contributions usually range from \$25 per year to \$500 per year — or more or less. Any contribution is accepted and appreciated. You can opt to add a donation onto your monthly electric bill or make a one-time contribution.

The Internal Revenue Service has declared that political contributions, such as those to ACRE, are not tax deductible.

#### **What do I receive?**

Aside from helping elect officials that will support your cooperative and community, you also will receive quarterly issues of the ACRE Action Report newsletter, which contains profiles on leaders receiving contributions, updates on legislative news, and other timely features.

# Be a part of your cooperative's democratic process

Run for HWEC trustee in 2017

As a member of Holmes-Wayne Electric Cooperative, you are an owner of your electric cooperative. You have an opportunity every June to express your ownership interest by exercising the cooperative principal of "one member, one vote" during the annual trustee election.

The HWEC nine-member board of trustees is the governing body of your cooperative. The board meets monthly to review and renew policies, make business decisions concerning the cooperative, review financial performance, establish rates, and approve all patronage capital credits payments.

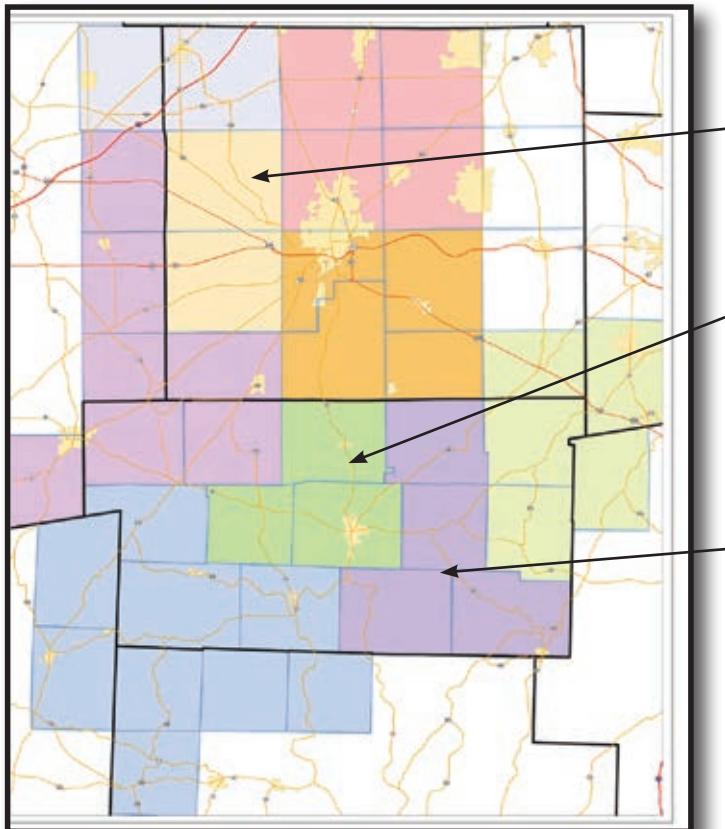

At the November board meeting, trustees at Holmes-Wayne Electric Cooperative will appoint a nominating committee, which will be responsible for selecting candidates for the 2017 Holmes-Wayne Electric Board of Trustees election. The committee consists of six or more members, with at least one member who resides in each district for which a trustee is to be elected.

The nominating committee will meet in early 2017 at the cooperative office to select nominees for trustees from District 4, District 5, and District 6. The committee selects qualified candidates based on members' applications.

A minimum of two names shall be on a ballot to be voted on by all member-owners of the co-op in June 2017 for District 4, District 5, and District 6.

If you are interested in running for trustee, please contact HWEC's Robyn Tate at 866-674-1055 to receive an application, which the nominating committee will then review.

## HWEC service territory

**District 6** - Chester and Plain townships in Wayne County

**District 5** - Hardy, Monroe, and Prairie townships in Holmes County

**District 4** - Berlin, Clark, Mechanic, and Salt Creek townships in Holmes County

# Unclaimed capital credits

In June 2012, Holmes-Wayne Electric Cooperative, Inc., mailed a general retirement of capital credits. Many checks were returned to us as undeliverable and, to date, these refunds remain unclaimed. Per the cooperative's Code of Regulations, the unclaimed capital credits are reallocated to current cooperative members four years following the original mailing and following two consecutive notices in this publication. This is the second notice.

Anyone with information on these members or their heirs, whose name and last known residence is listed, is asked to contact the cooperative office toll-free at 866-674-1055. Contact must be made within 60 days following the last date of the publication of this notice on Jan. 1, 2017.
