

# HOLMES-WAYNE ELECTRIC COOPERATIVE LOCAL PAGES

## MESSAGE FROM THE PRESIDENT

# GRATEFUL FOR OUR MEMBERS

Holmes-Wayne Electric Cooperative is a member-owned, member-governed cooperative. When the co-op was founded back in 1935, members of the community knew that we are a locally owned business — likely because they or someone they knew played a part in helping found the cooperative. Over time as the novelty of receiving electricity waned, the founders passed on, and new people moved into the community, viewing the electric co-op like any other energy provider.

But we are different, and the key to that difference is you, the member-owner of our cooperative. Without your support and commitment, we would not exist. So in this month of Thanksgiving, we are thankful for our members and the community we have the honor to serve.

Research proves that when people own something, they treat it differently, which is why we encourage Holmes-Wayne Electric members to engage as a member-owner rather than a customer. As a member-owner, you play a critical role in our success. Each year, the margin or the revenue after expenses is allocated back to you in capital patronage — because, again, you are a member of the co-op. That patronage is returned to our members in capital credits annually. You probably noticed the capital credits list published last month and again this month. We are looking for members who moved from our lines and did not give us forwarding addresses. You can help us locate these former members.

With being a member-owner of HWEC comes certain rights, like the opportunity to seek election to serve on the board of trustees. If that seems like too big a commitment, you could consider being part of the nominating committee. Additional information regarding this is found on Page 20A. If you are not

interested in either, we still want and need you to participate in the annual elections. Every June, each member receives a ballot to elect three of the nine trustees on the governing board.

Another membership advantage is we welcome your advice and counsel as we continually look for innovative ways to help you use energy efficiently and in a more cost-effective manner. You may have even taken advantage of our energy efficiency tips provided on our Facebook page and website. Or maybe you have contacted our energy advisor for information or to schedule an in-home energy audit.

As a local business, we have a real stake in the community, just as you do. We offer our Operation Round Up® program, where members may choose to round up their bill every month. This spare change is placed in a foundation that distributes funds to local individuals and families in need as well as supports local community organizations. Since its inception in 2006, over half a million dollars has been placed back into our community!

While electric power is the commodity that your co-op sells, the real power is that together, we empower this local community. When people feel empowered, they accomplish great things.

True, the world is different today than it was in 1935, but our mission of serving you and our community is constant. Working together with your active, inspired engagement, we can continue to accomplish great things. So in this season of thanksgiving, the HWEC staff and board thank you, our member!

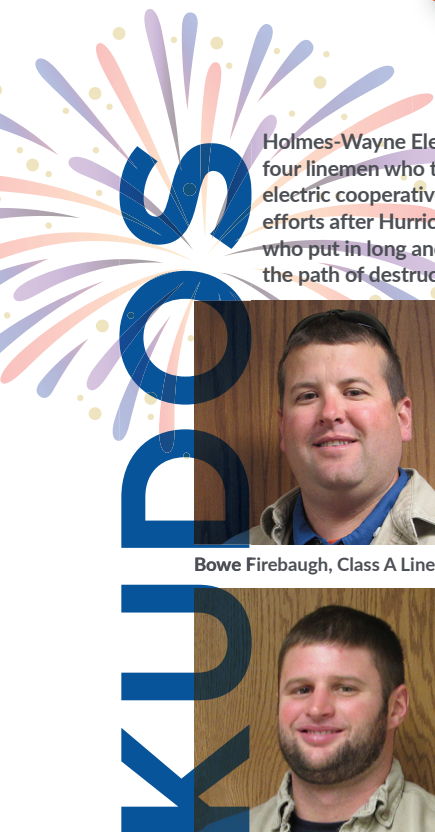

Glenn W. Miller  
President/CEO

SAFETY

## HWEC using new lights

Help keep our linemen safe! HWEC is now using these portable lights when working alongside the road during certain work projects. Please slow down when you see us to keep you, your family, and our team safe.

Holmes-Wayne Electric is proud to stand behind our four linemen who traveled to Jackson EMC, a large electric cooperative in Georgia, to aid in restoration efforts after Hurricane Irma. Kudos to our linemen, who put in long and strenuous hours helping those in the path of destruction get their lights back on.

Bowe Firebaugh, Class A Lineman

Greg Lemon, Class A Lineman

Matt Morris, Apprentice Lineman

Steve James, Class A Lineman

## TRUSTEE ELECTIONS

# WANT TO MAKE A DIFFERENCE IN YOUR COMMUNITY?

*Your co-op is seeking trustee nominees and volunteers to serve on the nominating committee*

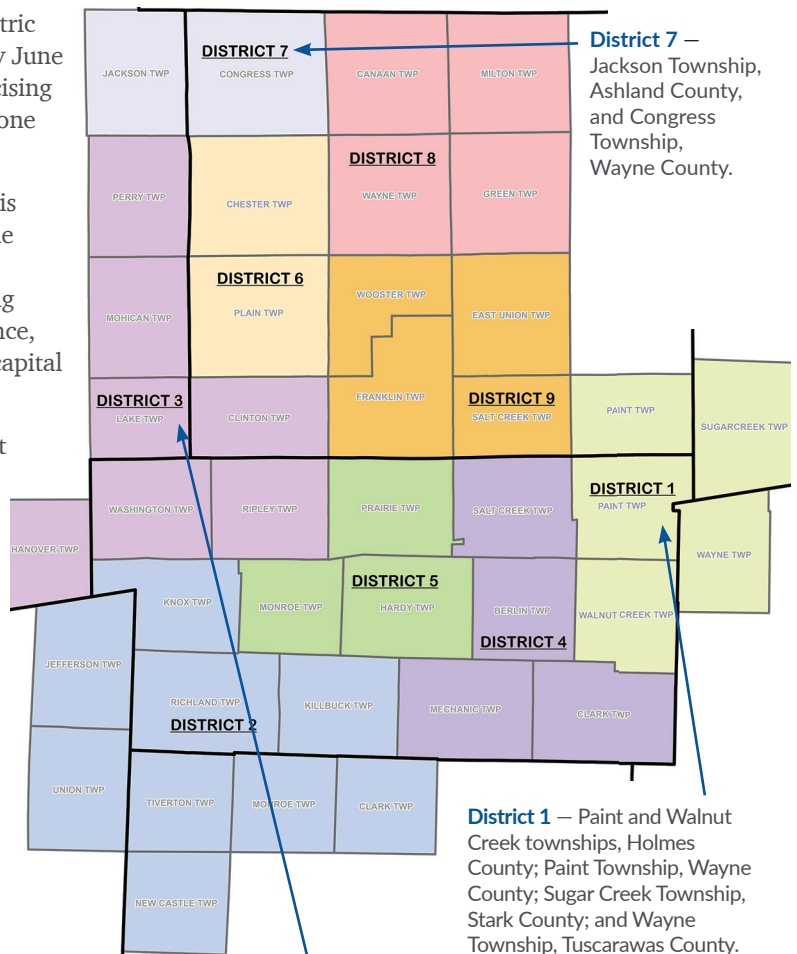

As a member of Holmes-Wayne Electric Cooperative, you are an owner of your electric cooperative. You have an opportunity every June to express your ownership interest by exercising the cooperative principal of “one member, one vote” during the annual trustee election.

The HWEC nine-member board of trustees is the governing body of your cooperative. The board meets monthly to review and renew policies, make business decisions concerning the cooperative, review financial performance, establish rates, and approve all patronage capital credits payments.

At the November board meeting, trustees at Holmes-Wayne Electric Cooperative will appoint a nominating committee, which will be responsible for selecting candidates for the 2018 Holmes-Wayne Electric Board of Trustees election. The committee consists of six or more members, with at least one member who resides in each district for which a trustee is to be elected.

The nominating committee will meet in early 2018 at the cooperative office to select nominees for trustees from District 1, District 3, and District 7. The committee selects qualified candidates based on members’ applications.

If you are interested in participating in the nominating committee or running for trustee, please contact HWEC’s Shay Lynch at 866-674-1055 to receive more information.

**District 7** – Jackson Township, Ashland County, and Congress Township, Wayne County.

**District 1** – Paint and Walnut Creek townships, Holmes County; Paint Township, Wayne County; Sugar Creek Township, Stark County; and Wayne Township, Tuscarawas County.

**District 3** – Hanover, Lake, Mohican, and Perry townships, Ashland County; Ripley and Washington townships, Holmes County; and Clinton Township, Wayne County.

# ACRE Co-op Owners for Political Action®

★ **Your method of raising your voice in support of your cooperative and way of life.** ★

Being served by an electric cooperative is something special. Our business model assures the focus on delivering reliable, safe, and economically priced electricity to those we serve — you, our member-owner. We need to do all we can to preserve the model for the future in an environment that doesn't always appreciate our uniqueness.

Being part of the political and legal process is a key to preservation. You can strengthen our political presence by becoming a member of ACRE Co-op Owners for Political Action®. Co-op Owners is a political action committee that supports both state and federal lawmakers who will speak for and protect the interest of cooperatives and their member-owners. Now more than ever, cooperative members are recognizing the importance of participating in the political process of communicating to our representatives our concerns with maintaining affordable electricity to rural communities.

Holmes-Wayne Electric Cooperative remains vigilant to ever-changing emission regulations affecting the power plants we rely on every day. Emission regulations should be fair, affordable, and achievable, because only a realistic plan can ensure long-term success.

In the past, Co-op Owners has been instrumental in stopping costly legislation, while remaining committed to a clean environment. Ohio electric cooperatives have invested more than \$1 billion over the last decade to upgrade our generating units with state-of-the-art environmental controls. Our base-load generation facility, Cardinal Power Plant, is one of the cleanest power plants in the world and meets

all guidelines outlined in the Clean Air Act.

We have proven our commitment to being good stewards of the environment while balancing the importance of keeping our electric rates affordable to our members. On Page 20E, you will see our current generation portfolio that describes the different avenues your cooperative is using to continue providing reliable, clean, and affordable power.

That's why we ask for your continued support to prevent future regulations that could disproportionately affect cooperative members like you. Member engagement is the heart of the cooperative. Without strong support from our member-owners, the traditional grassroots strategy can quickly erode.

Below is an enrollment form if you are interested in joining Co-op Owners. Please feel free to complete the form and return it with your bill payment, via fax at 330-674-1869, or electronically at [newmember@hwecoop.com](mailto:newmember@hwecoop.com).

On behalf of the Holmes-Wayne Electric Board of Trustees and staff, we would like to thank the HWEC members who have already joined Co-op Owners and those members considering raising your voice. Maintaining a strong grassroots presence in the political process is vital to the long-term success of our cooperative.

Best regards,

Randy Sprang  
BOARD CHAIRMAN

Glenn W. Miller  
PRESIDENT/CEO

# READY TO JOIN?

Enroll today to help your co-op maintain a strong grassroots presence in the political process.

Yes! I want to help keep the voice of rural cooperatives heard in the political process by participating in Co-op Owners for Political Action. Please add the following amount to my monthly electric bill:

Regular member: \$2.08 per month     Century Club Member: \$8.33 per month  
 Other: \$ \_\_\_\_\_     Already a member

**ACRE** Co-op Owners  
for Political Action®

 **Holmes-Wayne**  
Electric Cooperative, Inc.  
Touchstone Energy Cooperatives

I affirm that my contribution has been made with non-corporate funds:

Name: \_\_\_\_\_ Account # \_\_\_\_\_

Address: \_\_\_\_\_ City: \_\_\_\_\_ State: \_\_\_\_\_ ZIP: \_\_\_\_\_

Signature: \_\_\_\_\_

Please return to Holmes-Wayne Electric Cooperative, Inc., P.O.Box 112, Millersburg, Ohio 44654

\*Federal Election law requires the following information for contributions equal to or exceeding \$200.

Employer: \_\_\_\_\_ Occupation: \_\_\_\_\_

All contributions to ACRE/COPA are strictly voluntary. You may refuse to contribute without reprisal. Contributions to ACRE/COPA are not tax-deductible for federal income tax purposes. Contributions may be stopped at any time upon notification to Holmes-Wayne Electric Cooperative, Inc.

## GOVERNMENT

# FREQUENTLY ASKED QUESTIONS

*By joining ACRE Co-op Owners, you will support elected officials who will:*

- Keep your energy bills affordable
- Help your cooperative keep your energy service reliable
- Assist your efforts to use energy more efficiently
- Make renewable energy more affordable for you
- Help rebuild your cooperative after a storm
- Protect our economy & jobs when making energy laws

### What is Co-op Owners for Political Action?

Co-op Owners for Political Action® (COPA) gives you, the member-owner, the opportunity to use your voice on behalf of your cooperative. State and federal government officials make policy decisions that affect your local cooperative and your way of life. This program is an easy way for you to help determine who gets elected to make those decisions.

The Action Committee for Rural Electrification® (ACRE) is the political action committee (PAC) of the nation's electric cooperatives. Founded in 1966 by the approximately 1,000 cooperatives of the National Rural Electric Cooperative Association (NRECA), it supports candidates for state and federal office — those in office now and those running for office — who will speak for and protect the interests of cooperatives.

### What is a PAC?

The law allows individuals with common interests to pool their resources using PACs in order to make political contributions to candidates for state and federal office. Currently 35,000 like-minded supporters of the cooperative program combine their contributions through ACRE-COPA.

Candidates who receive a substantial contribution from ACRE-COPA get an important message about your interest in your local community's cooperative. The candidates know that the co-op member-owners and employees who supported them want to elect individuals who will make good policy decisions on their behalf.

### Are contributions tax-deductible?

No. The Internal Revenue Service has ruled that all political contributions are not tax-deductible.

### What do I receive for my contribution?

The most important benefit that you receive as an ACRE-COPA member is a voice in helping elect state and federal officials who will support your cooperative and your community. In addition, you will receive quarterly issues of the ACRE Action newsletter, which includes legislative alerts, profiles of cooperative leaders, and other timely features.

### Where does my contribution go?

With the exception of a small federal tax payment of less than 1 percent, all contributions to ACRE-COPA go directly to the campaigns of candidates for political office. In addition, a portion of your contribution (about half) may be refunded to your state cooperative PAC to support candidates for state office.

### Who determines how the funds are spent?

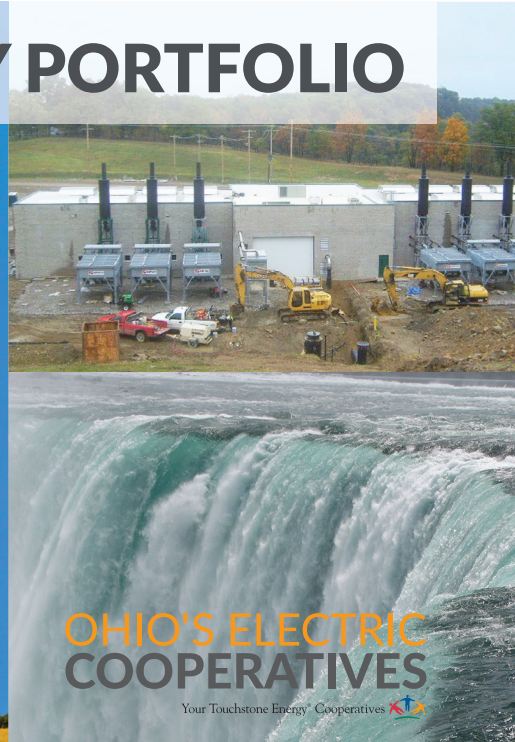

ACRE-COPA follows established procedures for making contributions to candidates running for political office. Factors that determine financial support include the candidate's position on issues critical to cooperatives, as well as his or her votes and public statements on these issues; the candidate's committee assignments and leadership positions and his or her relative importance to cooperatives; and a candidate's financial need and the strength of his or her opponent. The candidate's political affiliation is never taken into account.

### Do I really make a difference?

Our ability to serve you and your community is heavily dependent on members like you who use ACRE-COPA to get the right people into political office. The personal dedication of member-owners to stand together forms the backbone of a powerful grassroots network that promotes policies to secure the future of your cooperative and the families they serve. This is an opportunity to make a huge difference.

# OUR RENEWABLE ENERGY PORTFOLIO

## Ohio's Electric Cooperatives has added capacity from a variety of renewable energy sources in and out of the state:

### **OurSolar community solar farms**

2.1 megawatts (MW) of solar energy capacity installed locally at 23 locations throughout Ohio. Local cooperatives may offer subscriptions as an alternative source of generation.

### **Story County, Iowa, wind energy center**

30 MW of wind energy capacity from the Story County Wind Energy Center in Story County, Iowa. Buckeye Power, Holmes-Wayne's power supplier, is one of six generation and transmission cooperatives jointly sharing the output from this facility under separate purchase power agreements (PPAs).

### **Anaerobic manure digesters at dairy, egg, and hog farms**

4.45 MW from agricultural biogas projects in Ohio. Buckeye Power purchases the excess

generation from animal waste anaerobic digester systems at four locations across the state. Bacteria break down the manure produced at these dairy, pork, and poultry operations to create the methane gas used to fuel engine-and-generator sets.

### **Methane gas generation at landfills**

9.6 MW from the Hancock County Landfill and Suburban Regional Landfill (in Perry County).

### **Hydropower from upstate New York**

55-MW entitlement from the New York Power Authority (NYPA), an attractively priced hydroelectric power that was added in 2004. Power comes primarily from the Niagara (90 percent) and St. Lawrence rivers.

# HOLMES-WAYNE ELECTRIC COOPERATIVE LOCAL PAGES

## CAPITAL CREDITS

### Unclaimed capital credits

In 2013, Holmes-Wayne Electric Cooperative, Inc., mailed a general retirement of capital credits. Many checks were returned to us as undeliverable and, to date, these refunds remain unclaimed. Per the cooperative's Code of Regulations, the unclaimed capital credits are reallocated to current cooperative members four years following the original mailing and following two consecutive notices in this publication. This is the final notice. Anyone with information on these members or their heirs, whose name and last known residence is listed, is asked to contact the cooperative office toll-free at 866-674-1055. **Contact must be made within 60 days following the last date of the publication of this notice on Jan. 1, 2018.**
